

China s container energy storage lithium battery factory

Overview

CNTE manufactures advanced BESS & lithium-ion battery storage systems. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes. Shenzhen Benwei Lighting Technology Co. Absolutely! We specialize in ****custom**** solutions that fit your precise specifications. It aims to offer professional and comprehensive solutions for power generation, power grid, and. Since 2010, 16 Years experience Professional factory with 3 buildings for production UN38. The BMS system is developed by our own Engineers Team, Can matching more than 30 brands of inverters, Compared with most of other suppliers, we only focus on making good products with. The daily Container battery energy storage is 20MWH and includes 4 standard PACK lines. Our R and D engineers are highly trained and have a vast array of academic and professional experience.
