

Lifepo4 power station factory in lisbon

Overview

Construction is expected to start this year, with production to be started in 2028. The factory is to be in the Sines Industrial Zone near Lisbon and make lithium batteries mostly for the European market with a total annual capacity of 15GWh. Whether it's for residential self-consumption or large-scale utility projects, LiFePO₄ has become the gold standard due to its safety profile and longevity—critical factors given Portugal's warm climate, particularly in the southern Alentejo and Algarve regions. Residential Self-Consumption. MAIA, PORTUGAL, February 10, 2026 / EINPresswire.com / -- Lissol - Lithium Solar Technologies, a Portuguese manufacturer of LiFePO₄ battery systems and photovoltaic equipment, today announced a minority investment from Magnify Capital Partners through its NOVUS fund. 09 billion (2 billion euros) into. The factory. According to Hotline, over 10 brands are currently available in Ukraine: Bandera Power (Ukraine), Dzherelo (Ukraine), Bluetti (Germany), Jackery (USA), EcoFlow (China), Xtorm (Netherlands), DEDRA (Poland), Goal Zero (USA), Anker (China), Flashfish (China), WellCharger (China). Therefore, we created. Chinese battery manufacturer CALB has formally launched Phase 1 construction of its Sines gigafactory in southern Portugal, injecting €48 million into its Portuguese subsidiary and awarding a €207. The move signals acceleration.
