

Power storage systems factory in Atlanta

Overview

Lithium battery provider NeoVolta announced it would begin manufacturing battery energy storage systems (BESS) in Pendergrass, Georgia. Through a joint-venture with Longi and recent ESS acquisition PotisEdge, “NeoVolta Power” will begin mass production at the 2-GWh plant by mid-2026. The JV is between NeoVolta, system integrator PotisEdge and solar PV company Longi. The company has launched NeoVolta Power, LLC—a joint venture anchored by a new facility in Pendergrass, Georgia—with plans to supply commercial. The company produces batteries and inverters for residential and commercial applications. It secured funding for a potential U. -based energy storage provider, announced it has entered agreements for a \$13 million private. Transformational joint venture with PotisEdge and LONGi establishes domestic BESS manufacturing for utility-scale and C&I markets San Diego, CA — January 14, 2026 — NeoVolta Inc.
